B. Providers

B1. Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

 - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
 - Providers that are a part of our MCO's network are called network providers.

If you have questions, please call HSCSN at 1 (866) 937-4549 or 711 (TTY), 24 hours a day, 7 days a week. The call is free. **For more information**, visit www.hscsnhealthplan.org.

- **Network providers** are the providers that have contracted with us to provide services to Enrollees in our MCO. The providers in our network will bill us directly for care they give you. When you see a network provider, you will pay nothing for covered services.

- A **Primary Dental Provider (PDP)** is a dentist that performs many important oral health services, including routine care.
